### **About the Meth Project**

The Meth Project is a national non-profit organization, headquartered in Palo Alto, California, aimed at significantly reducing first-time Meth use through public service messaging, public policy, and community outreach. First implemented in Montana as the Montana Meth Project, the program has demonstrated significant results in changing attitudes and behaviors toward Meth. The Meth Project is funded by a grant from the Siebel Foundation. For more information, visit [www.methproject.org](http://www.methproject.org).
